

Stem Cells Ethical Debate

Sort out the opinion cards in your pack into two groups:

- agree with
- · disagree with

1.	Do you and your partner agree on all the opinions?
2.	Are any of these opinions or ideas new to you?
3.	Have you reconsidered your position and view on the use of stem cells?
Sor	ite a Balanced Argument ne people are opposed to the use of and carrying out research with embryonic stem cells ners feel there are good reasons for using and researching with embryonic stem cells.
Ou	tline the main arguments used on both sides and conclude by explaining your own position. [6 marks
